Colebrook, N. H. 03576

Gentlemen:

Due to an excessive workload, we have been unable to perform an examination and audit of the accounts and records of the Town of Clarksville for the fiscal year ended December 31, 1974, before the publication of your 1974 Annual Town Report.

We regret the inconvenience which this may cause. We are pleased to advise, however, that the examination will commence as expeditiously as possible.

Your patience and understanding in these circumstances is appreciated.

Very truly yours,

Frederick E. Laplante
Director
Division of Municipal Accounting
Department of Revenue Administration

SUPERINTENDENT'S REPORT

As directed by the voters of the Pittsburg School District at its last annual meeting, members of the building committee, school board and school staff have investigated the space needs for the Pittsburg School. A report of the findings resulting from the meetings conducted by the committee this past year will be presented at the annual meeting.

Joining the staff of the Pittsburg School are the following teachers: Miss Deborah Eldredge - Grade 1; Miss Laurie Potter, Grades 2 and 3; Miss Dawn Beasley - Grade 4; Miss Ann Getchell - Home Economics; Miss Brenda Barton - Science; and Mrs. Constance Pierce - School Nurse.

Presently, the school board, staff and administration are engaged in developing a local educational accountability program. The program will become effective during the 1975-76 school year. Under this program, voters will be informed annually of the degree to which the district has achieved its stated educational goals and objectives for the preceeding year. Also involved will be a state testing program which will help assess educational programs in local school districts.

Deserving special interest of the voters this year is an article in the warrant concerned with the forming of an Authorized Regional Enrollment Area (A.R.E.A.) Planning Committee. The purpose of the committee is to investigate, with a similar committee formed in the Clarksville School District, the feasibility of a tuition contract. Realizing that there are advantages and disadvantages to any tuition agreement, it is hoped that favorable action will be taken on this article to allow the forming of a committee which will investigate the feasibility and hold public hearings relating to information found. Should the joint committees find that such a tuition contract would be feasible and beneficial to both towns concerned, voters in each of the towns would have to vote by ballot at an annual or special school district meeting as to their acceptance or rejection of the tuition plan presented.

The following committee members are deserving of recognition for the giving of their time and efforts the past and present school year in working with the school board and staff towards improving educational programs and solving school district problems.

GUIDANCE COUNSELOR'S REPORT

Last fall, I administered Otis-Lennon Mental Ability Tests to eighth graders in the public schools of Supervisory Union #7. Early in January I administered the Differential Aptitude Test Battery to the same students. In May, I talked with each eighth grader concerning the results of his tests and the importance of the results to him. On the basis of these tests and the course offerings available at Colebrook Academy and Pittsburg High School, a course of study was developed for each student for Freshman year. A letter indicating the courses chosen was sent to parents for their review and signature. Where there were questions raised, I met with the parents concerning them. Also in May, arrangements were made for Stewartstown eighth graders to visit Colebrook Academy and Pittsburg High School - attending classes and touring the facilities. During the year, I met with Stewartstown eighth graders as regularly as possible and worked with them on matters of attitudes, values and career development.

In November, the Armed Services Vocational Aptitude Battery was given to all Freshmen. The results of these tests were discussed with each Freshman in January and then used again in April when I was talking with them concerning their courses for the 1974-75 school year and their plans for the future.

During December, I discussed with each Sophomore his progress and plans. I met with each one again in April to construct a course of study for the 1974-75 school year.

In January, I talked with each Junior about his progress and plans. In the case of Juniors who had taken the Preliminary Scholastic Aptitude Tests, results were explained to them. Where applicable, individual Juniors were encouraged and advised to take the College Board Examinations and the Achievement Tests. Each Junior met with me again in May to formulate a course of study for the 1974-75 school year.

In April, a statewide Career Interest Inventory was administered to all upperclassmen.

During April and May, Stanford Achievement Tests were given for the purpose of measuring the progress of each student in the second, fourth and sixth grades within the District. I personally corrected the tests for Pittsburg and Stewartstown during the Spring Vacation at considerable savings to these districts. The results of these tests were reviewed with the teachers concerned and are available to interested parents.

During the summer a considerable amount of work was done on individual student records and on planning for the 1974-75 school year.

Since the opening of school this fall on September 4, I have been working with each Senior on concrete procedures to implement his plans whether job, Service or further schooling. I have tried a new idea this fall of talking with each Freshman early in the year about his adjustment to high school and his progress. I have also for the first time oriented them to the use of the Guidance Room. All of this hopefully will prevent future problems.

Thus far this year, Murphy-Durrell Reading Readiness Tests have been administered to all first graders and the results discussed with the appropriate teachers. I have administered Otis-Lennon Mental Ability Tests to eighth graders and the Preliminary Scholastic Aptitude Tests to those Juniors planning to attend a school of some type after high school. Otis-Lennon Mental Ability Tests either are being, or have been, given to all second graders.

In addition to the above, much of my time is consumed with the following:

1. Transfer of records when a student moves to another school or a new student arrives to our school.
2. Meeting with college admission representatives, Armed Service Recruiters, representatives of Talent Search, Vermont Student Assistance Corporation, Citizen's Scholarship Association, ROTC, etc.
3. Providing information for teachers concerning their students.
4. Problems of individual students as they develop.
5. Helping students locate information concerning specific schools or occupations.

I have checked on virtually all of last year's Seniors and find that in Pittsburg, out of a class of 17, this is what they are doing:

Living at Home - 2

Job - 8½ (one is attending night school also)

School - 2½ (same person as above, working and attending night school)

Married - 2

Armed Services - 2

This indicates that about 12% are attending school. However, 4 were admitted to college which is 23% of the class.

The Colebrook Class of 1974 is presently performing as follows:

Job	- 26
Living at Home	- 5
School	- 13
Married	- 2
Armed Services	- 2

This indicates that about 27% went on to further education.

I am pleased to say that in talking with Seniors this year, there has been a distinct upsurge in the number expressing an intent of going on to school.

Respectfully submitted,
JOHN M. SHIELDS
Guidance Counselor

SCHOOL HEALTH REPORT

The school health program has been set up this year with two nurses to perform the necessary functions and requirements of the state and to maintain and promote good health to all the pupils in our schools under Supervisory Union #7.

Each year the following services are performed:

Checking heights, weights and teeth; testing hearing and vision; physical examinations for those participating in athletics as well as grades 4, 8, and 11; TB skin tests as needed for students and annually for all personnel working in the union; immunizations as needed; urine tests for grades 4, 8, and 11; home visits; phone calls and letter contacts for follow through health care as deemed necessary; promotion of good mental health; first aid and emergency care; health teaching and counseling and continuous supervision of general health.

We have acquired school physicians this year — Dr. Gifford and Dr. Parsons who provide professional medical advice and care required to maintain health services for the pupils.

The matching Dental Fund Program sponsored by the state and local towns was utilized again this year providing care to needy students as far as the funding would extend.

A Cardiac film was provided to pupils grades 7 through 12 and the public for awareness and concern of heart disease.

The pre-school hearing and vision clinic will be sponsored in May by the N.H. Division of Public Health for early detection of defects.

The Sight Conservation Program presented by the State of N.H. is still being utilized by those needing to do so.

The Portsmouth Rehabilitation Center is available to our area by mobile unit for evaluation of students failing hearing tests.

Crippled Children's Services has provided orthopedic exams and clinic treatments.

Again this year, the N.H. Bureau of Dental Health has presented the dental prevention program to fourth graders, with daily brushing and flossing of teeth and weekly food coloring tablets used to detect plaque under supervision of their classroom teacher. The objectives of this program are to eliminate dental plaque and help the student develop daily habits necessary for effective oral hygiene and thereby reduce dental diseases.

North Country Education Services again provided speech therapy for all students in the union requiring help.

Upper Connecticut Valley Mental Health Services are available as needed and we now have a psychologist in the area working directly in the schools.

A reminder to all parents of children entering first grade: The State Department of Education requires each youngster to meet the following requirements prior to school entry:

1. Physical examination
2. T.B. test within one year
3. Complete Diphtheria, Pertussis and Tetanus Vaccine Series (5 in all)
4. Complete oral Polio Vaccine Series (5 in all)
5. Rubella Vaccine (german measles)
6. Rubeola Vaccine (measles)

All parents are urged to take advantage of the pre-school clinics available in their area to prepare their youngsters for meeting the above requirements for entering school.

Every year everyone involved in our schools strive to improve the health program for all. With everyone working together, I hope this will be achieved.

Respectfully submitted,
CONSTANCE J. PIERCE, R.N.
School Nurse
